

“The Quad Cities Leadership Charitable Fund will work to improve life in the Quad Cities by eliminating barriers and providing access.”

The charitable fund is the flowering of a seed planted during a “Leave a Legacy” session of the Leadership Academy. A survey was taken of all graduates from a Chamber Leadership Academy who identified the following priorities for the Charitable Fund:

1. Workforce Development
2. Education
3. Leadership Academy Scholarships

The money you pledge will be used to partially fund these priorities immediately and some will go into an endowment to fund these in the future. Thank you for your support.
